# BRAND GUIDELINES

Visual Identity & Usage Standards

---

Rubiq Financial Group · West Chester, PA · rubiqfinancial.com

Version 1.0 · March 2026

# 01 Brand Overview

Rubiq Financial Group is a private wealth advisory firm offering investment advisory, real estate investment, and credit strategies to individuals and institutions. The brand identity projects precision, authority, and approachability — a modern financial firm that combines institutional discipline with personal service.

> *The Rubiq brand communicates: trust, sophistication, and strategic intelligence. Every visual and written touchpoint should reinforce these values.*

## Brand Positioning

Rubiq Financial Group occupies the space between institutional asset management and boutique private wealth advisory. The brand is forward-thinking and data-driven, yet personal and client-focused. It avoids both the stiff formality of large wirehouse firms and the casual tone of fintech startups.

## Key Brand Attributes

| | |
|---|---|
| **TONE**<br>Professional · Confident · Approachable | **FEEL**<br>Trustworthy · Sophisticated · Modern |
| **AUDIENCE**<br>High-net-worth individuals, family offices, accredited investors | **DIFFERENTIATOR**<br>Integrated private wealth, real estate & credit expertise |

# 02 Logo

## Primary Logo — Landscape (Preferred)

The landscape configuration is the primary logo and should be used in most contexts, including website headers, email signatures, presentations, and digital marketing.

RUBIQ
Financial Group

## Secondary Logo — Stacked / Vertical

The stacked logo is used when horizontal space is constrained, such as square social profile images, mobile app icons, or embossed materials.

RUBIQ
Financial Group

## Logo Construction

The Rubiq mark consists of two elements: (1) the geometric icon — a stylized 'R' set inside nested square brackets rendered in Royal Blue, with gold/bronze accent elements on the lower portions — and (2) the wordmark 'RUBIQ' in bold spaced capitals followed by 'Financial Group' in a lighter weight beneath.

> *The icon and wordmark must always appear together. Never use the 'R' icon alone as the primary identifier in client-facing materials.*

## Clear Space

Always maintain clear space around the logo equal to the height of the capital 'R' in the wordmark on all four sides. No other graphic elements, text, or imagery should intrude within this zone.

## Minimum Size

| FORMAT | LANDSCAPE MIN WIDTH | STACKED MIN HEIGHT |
|---|---|---|
| Print | 1.5 inches | 0.75 inches |
| Digital / Screen | 200px wide | 100px tall |

## Logo Don'ts

- ✗ Do not stretch or distort the logo proportions
- ✗ Do not rotate the logo
- ✗ Do not apply drop shadows, outlines, or special effects
- ✗ Do not change the logo colors — use only approved color variants
- ✗ Do not place the logo on busy or low-contrast backgrounds
- ✗ Do not recreate the logo in other typefaces or software
- ✗ Do not use the icon mark alone to represent the company in client-facing materials

# 03 Color Palette

The Rubiq color palette draws on two core hues — Royal Blue and Warm Gold — that balance institutional authority with approachable sophistication. Use them consistently across all touchpoints.

## Primary Colors

### Royal Blue — Primary Brand Color
HEX: #1B5EA8
Use for: logo, headings, primary CTAs, key UI elements, borders, navigation

### Warm Gold / Champagne
HEX: #C49A5A
Use for: logo accent, subheadings, dividers, highlights, decorative borders

## Supporting Colors

### Deep Navy
HEX: #1A3F6F
Use for: body text on dark backgrounds, secondary headings, footer elements

### Light Blue Tint
HEX: #EAF1FB
Use for: table row backgrounds, callout boxes, section backgrounds

### Light Gold Tint
HEX: #FDF6EC
Use for: alternating table rows, warm callout backgrounds, accent sections

### Light Gray
HEX: #F5F5F5
Use for: alternating rows, form backgrounds, subtle dividers

### Body Text Gray
HEX: #555555
Use for: body copy, secondary text, captions, fine print

## Color Usage Ratios

> *Royal Blue should dominate (60%). Warm Gold is an accent (20%). White provides breathing room (15%). Grays handle supporting text (5%). Never use the accent gold as a background for body text.*

## Web / CSS Variables

```
:root {
  --rubiq-blue:          #1B5EA8;   /* Royal Blue — primary */
  --rubiq-gold:          #C49A5A;   /* Warm Gold — accent */
  --rubiq-navy:          #1A3F6F;   /* Deep Navy — dark variant */
  --rubiq-blue-tint:     #EAF1FB;   /* Light Blue — backgrounds */
  --rubiq-gold-tint:     #FDF6EC;   /* Light Gold — backgrounds */
  --rubiq-gray-text:     #555555;   /* Body text gray */
  --rubiq-gray-light:    #F5F5F5;   /* Light gray surface */
  --rubiq-white:         #FFFFFF;
}
```

# 04 Typography

The typography system pairs a clean, professional sans-serif with consistent hierarchy to ensure readability across all media — from formal client letters to digital dashboards.

## Primary Typeface — Calibri

Calibri is the primary typeface for all documents, presentations, and print materials. It is universally available across Microsoft Office, web, and Adobe environments and maintains brand consistency.

Aa Bb Cc Dd Ee Ff Gg Hh Ii Jj Kk Ll Mm
Nn Oo Pp Qq Rr Ss Tt Uu Vv Ww Xx Yy Zz

1 2 3 4 5 6 7 8 9 0 ! @ # $ % &

## Web Typeface — Inter (Recommended)

For web and digital interfaces, use Inter as the primary typeface. It renders excellently at all screen sizes and shares the clean, professional character of Calibri. Import via Google Fonts.

```
@import
url('https://fonts.googleapis.com/css2?family=Inter:wght@400;500;600;700&display=swap');
font-family: 'Inter', -apple-system, BlinkMacSystemFont, sans-serif;
```

## Type Scale

| USAGE | SIZE | WEIGHT | COLOR |
|---|---|---|---|
| Page / Section Title | 26–28pt | Bold | Royal Blue #1B5EA8 |
| Section Heading (H2) | 18–20pt | Bold | Royal Blue or Deep Navy |
| Subheading (H3) | 14–16pt | SemiBold | Deep Navy #1A3F6F |
| Body Text | 11–12pt | Regular | Gray #555555 |
| Caption / Fine Print | 8–10pt | Regular | Gray #555555 |
| Table Headers | 10–11pt | Bold | White on Navy, or Navy on Light Blue |
| Callout / Pull Quote | 11–12pt | Italic | Deep Navy on Light Blue Tint |
| Disclaimer / Legal | 7.5–9pt | Regular | Gray #555555 |

# 05 Graphic Elements & Layout

The Rubiq visual system uses a distinctive ghosted bracket motif — derived from the 'R' icon — as a background watermark element. This appears in the lower-right corner of stationery, envelopes, and presentation slides to add depth without distraction.

## Background Bracket Motif

The nested bracket watermark should appear at 8–12% opacity in Royal Blue. It should never compete with content. Do not recolor it gold or use it at full opacity. On dark backgrounds, use at 15% white opacity.

> *The ghosted bracket graphic is a subtle cue — it reinforces brand identity without dominating the page. Use it consistently on formal documents and presentation templates.*

## Dividers & Rules

Use thin horizontal rules (1px) in Royal Blue or Warm Gold to separate sections within documents. Gold rules are preferred for section headers; lighter gray rules are used within body content.

## Layout Grid

| | |
|---|---|
| **Document Margins** | 1 inch on all sides (US Letter) |
| **Column Width (single)** | 6.5 inches for body text |
| **Header Height** | 1.2 inches including logo and address line |
| **Footer Height** | 0.75 inches for contact/disclaimer |
| **Logo Position** | Top-left, 0.5" from edges |
| **Address Block** | Right-aligned or below logo per template |

# 06 Stationery System

Rubiq Financial Group maintains a complete stationery system for professional correspondence. All pieces use consistent branding, and each element has a defined role.

## Letterhead

| | |
|---|---|
| **Logo** | Landscape logo, top-left, approximately 2.5" wide |
| **Address Block** | 1065 Andrew Drive, West Chester, PA 19380 |
| **Phone** | (610) 883-3999 |
| **Website** | rubiqfinancial.com |
| **Disclaimer** | Investment advisory services disclosure (Wealthcare Capital Partners LLC) runs in footer |
| **Bracket Motif** | Ghosted watermark, lower-right |

## Business Card

Business cards use the landscape logo on the front with contact information in a two-column layout. The ghosted bracket motif appears as a background element. Front-side typography uses Royal Blue for the name and Deep Navy / Warm Gold for hierarchy.

| | |
|---|---|
| **Name** | Andreas M. Wochtl, CFP, MBA |
| **Title** | Private Wealth Advisor |
| **Office Phone** | (601) 215-9499 |
| **Direct Phone** | (610) 883-3999 |
| **Email** | andreas@rubiqfinancial.com |
| **Website** | rubiqfinancial.com |
| **Address** | 1065 Andrew Drive, West Chester, PA 19380 |

## Envelope — No. 10

The standard No. 10 envelope uses the landscape logo in the upper-left with the return address beneath. The ghosted bracket motif appears in the lower-right quadrant at low opacity. Recipient address is centered horizontally, positioned in the lower-center third of the envelope.

# 07 Digital & Web Guidelines

## Website Header

The website header should use the landscape logo at the left, navigation links in the center-right, and a CTA button (e.g., 'Schedule a Consultation') on the far right. The header background should be white or very light gray. On scroll, the header can condense and apply a subtle drop shadow.

## Button Styles

| BUTTON TYPE | BACKGROUND | TEXT COLOR | USE CASE |
|---|---|---|---|
| **Primary CTA** | #1B5EA8 | White | Main action (schedule, invest, contact) |
| **Secondary CTA** | Transparent | #1B5EA8 + border | Alternate actions |
| **Gold Accent** | #C49A5A | White | Premium feature highlights |
| **Ghost / Outline** | White | #1B5EA8 border | Use on colored backgrounds |

## Email Signature

Email signatures use the landscape logo at a maximum width of 220px. Contact details follow below in a consistent format. Font: Arial or sans-serif fallback for email clients. Colors match the brand palette.

```
<img src='[logo_landscape.png]' width='220' alt='Rubiq Financial Group'>
<p style='margin:8px 0 2px; font-family:Arial; font-size:14px; font-weight:bold;
color:#1B5EA8;'>
  Andreas M. Wochtl, CFP, MBA
</p>
<p style='margin:0 0 8px; font-family:Arial; font-size:12px; color:#C49A5A;'>
  Private Wealth Advisor
</p>
<p style='font-family:Arial; font-size:11px; color:#555555; line-height:1.6;'>

  andreas@rubiqfinancial.com  |  rubiqfinancial.com<br>
  1065 Andrew Drive, West Chester, PA 19380
</p>
```

# 08 Voice & Tone

The Rubiq voice reflects the dual identity of the firm: rigorous analytical capability paired with approachable, client-first communication. Written materials should feel authoritative but never stiff, and professional but never cold.

## Core Voice Principles

**Confident, not arrogant**
State positions clearly and support them with reasoning. Avoid hedging excessively, but acknowledge complexity where it exists.

**Precise, not dense**
Use accurate financial language appropriate to the audience. Translate jargon for general audiences without being condescending.

**Warm, not casual**
Maintain professionalism while being genuinely personable. Client letters should feel personal and considered, not templated.

**Forward-looking, not speculative**
Lead with opportunity and strategy. Avoid alarmist language or uncalibrated predictions.

## Writing for Multiple Audiences

Rubiq serves clients across multiple sophistication levels. The same market insight or trade recommendation should be adaptable into at least three registers:

| | |
|---|---|
| **Formal / Technical** | Full analytical context, data citations, risk disclosures, and precise financial terminology. For investment committee level or institutional audiences. |
| **Condensed Professional** | Core thesis and key supporting points. Assumes financial literacy. Suitable for most advisory clients and RIA partners. |
| **Plain Language** | Clear, direct explanation without jargon. Focuses on what it means for the client's portfolio. For general audience or introductory communications. |

# 09 Compliance & Regulatory Language

All client-facing and marketing materials must carry the required investment advisory disclosure. This language is mandatory on all regulated communications.

## Standard Disclosure — Full Form

> *Investment advisory services are offered through Wealthcare Capital Partners LLC, dba Rubiq Wealth Management. Wealthcare Capital Partners LLC is a Registered Investment Advisor with the U.S. Securities and Exchange Commission ("SEC").*

## Placement Guidelines

| | |
|---|---|
| **Letterhead** | Footer, in 7.5–8.5pt Calibri, light gray text |
| **Email Signature** | Below contact details, in small gray text |
| **Presentations / Decks** | Last slide and/or footer on first slide |
| **Deal Documents / Memos** | Page footer throughout, or prominently on cover page |
| **Website** | Footer on every page; also on advisory services pages |
| **Marketing Materials** | Back of printed pieces; footer/bottom of digital materials |

## Contact Information — Master Reference

| | |
|---|---|
| **Firm Name** | Rubiq Financial Group |
| **Address** | 1065 Andrew Drive, West Chester, PA 19380 |
